MURPHY'S  
MEN.Will Conduct Mass  
Meeting at the  
Orpheum.TO CONSIDER  
DISPENSARY BILLOther Meetings to Follow in the  
English and Hawaiian  
Tongues.

A meeting of the executive council of the Gospel Temperance League was held at the Young Men's Christian Association parlors yesterday afternoon to arrange for mass meetings to be held in English and Hawaiian this week and next, and also to pass resolutions defining the policy of the league. Following is the president's call:

"Pursuant to a resolution of the executive council of the Gospel Temperance League, at a meeting held this day, I hereby issue a call for a mass meeting of the members of this league and all persons interested in the cause of temperance and public morality, to assemble at the Orpheum Theater at 8 p. m., on Friday evening, March 23d, for the purpose of considering the necessity for temperance legislation in general, and especially the merits of the dispensary bill now before the Senate; also, pursuant to said resolution I hereby issue a call for a mass meeting to be conducted in Hawaiian, to be held at the same place on Monday evening, March 25th, at 8 p. m., for the same purpose; and further, to elect eight members of the Hawaiian sub-grand council of the Gospel Temperance League.

"I earnestly desire that all members of the Gospel Temperance League, namely, all those who have signed the Murphy pledge, make an especial effort to be present at these meetings, thus lending their influence to the furtherance of the cause of temperance, and show the strength of the organization; and I further appeal to all fair-minded citizens of Honolulu who have at heart the general welfare and believe in public morality, also, to be present at these meetings, thus lending the weight of their influence to a beneficial agitation in the interest of reform.

"FRANKLIN H. AUSTIN,  
President G. T. L."

The following resolutions were adopted:

"Whereas, It is deemed advisable to define as far as possible the policy and scope of this league in its efforts for the advancement of the cause of temperance;

"Be It Resolved: 1. That it shall be the policy of the Gospel Temperance League to hold regular public meetings and entertainments for the purpose of maintaining a healthful agitation in the interest of temperance reform so as to and successfully begun by Francis Murphy, the apostle of gospel temperance; to induce those addicted to the use of strong drink to sign the Murphy total abstinence pledge and assist them in remaining true to a higher standard of moral and spiritual manhood, and to educate public opinion to the loftier ideals of character and personal rectitude taught by our Savior.

"2. That it shall be the policy of this league to assist all public movements for temperance reform.

"3. That this league is in no sense a charitable institution, but rather a philanthropic association to provide its members with the general public a substitute for the social allurements of the saloon.

"4. That all substitutes, such as temperance clubs or temperance saloons, in as far as possible, be managed to be self-supporting through the sale of temperance drinks, meals and such other necessities not in conflict with the temperance pledge, that may be called for by members of the league, or the general public, and that all profits accruing therefrom shall be devoted to the improvement of such resorts, the purchase of wholesome literature, and to extend this branch of the work throughout the Territory of Hawaii.

"5. That the public meetings and entertainments shall be maintained as far as possible by the free-will offerings of the members, and that a fund be established for charitable purposes, to assist those who have been made destitute by the drink habit, and who have signed the pledge, to reform and cultivate habits of industry. The league shall assist such persons to obtain employment, and those assisted shall, when able to do so, return to the charitable fund the amount advanced for their assistance.

"6. The president is hereby instructed to cause these resolutions to be published in all the English, Hawaiian and Portuguese newspapers of the Territory of Hawaii; and to issue an appeal to the public for free-will offerings of financial assistance to establish suitable capital for the promotion of the benevolent objects of this league."

An interesting program has been arranged for Friday evening, which will be published later. It is announced that all those desiring to contribute to the fund required by the Temperance League may send such contributions to the president, the treasurer, Edward Taylor, or in charge of this paper.

## PREMATURE CRITICISM.

A green Irishman having been ordered by his employer to saddle the horse and ride to town on a mission, was observed by a neighbor putting the saddle on hind part before. Approaching him, he remarked:

"You've got that saddle on wrong end first."

"Indeed!" exclaimed the greenhorn "an' how do ye know which way O'n' goin'?"—Richmond Dispatch.

## BETTER LATE THAN NEVER.

"You may recall me, sir, as the man who eloped with your daughter about a year ago."

"Well, sir, what can I do for you?"

"I may be a little bit tardy, but I have come to offer you my congratulations."

## Water for Ballast.

The French ship Cape Horn, now out forty-one days on the way from Iquique for San Francisco, is said to be the first entirely water-ballast vessel to come to this Coast. The Cape Horn, which is of 2,273 registered tonnage, has a capacity of 1,750 tons water ballast, of which 600 is in the double bottom and 1,150 in the hold, which is in the center of the ship and divided into eight compartments. In 1899 the Cape Horn made the trip from Rio de Janeiro to the west coast of South America entirely with water ballast and was the first vessel to make a long trip under those circumstances. The Cape Horn is owned by Bordes & Son of Paris, who are reported to be the largest ship owners in the world, having a fleet last year of thirty-eight vessels, with an aggregate tonnage of 119,560.

## The Skarpsno's Manifest.

In the mail lost by the wrecking of the steamer Rio de Janeiro was the manifest of the freight brought from Yokohama by the steamer Skarpsno, now at Portland. In the haste of the Skarpsno to leave Yokohama the manifest was left behind, and it was sent aboard the steamer Goodwin, also bound for Portland. The Goodwin had to put back for repairs and the manifest was forwarded by the Rio de Janeiro. As the document shows the names of the consignees and the destination of several thousand packages of freight, the stuff is indefinitely delayed and cannot be forwarded or even identified until manifests are received from the Orient.
